

**SONIA
ORGANICS**

Excellence in Quality through Innovation

The Partner of Choice for APIs & Intermediates

About Us:

Sonia Organics was established and started operations in the year 2008 in Bangalore, Karnataka. We are a **WHO GMP compliant** company specializing in the manufacturing and marketing of Active Pharmaceutical Ingredients, Pharma Intermediates and Specialty Chemicals. We are well recognized “**Partner of Choice**” by various pharmaceutical companies across India and the world.

All our products are manufactured at our cGMP complaint facilities based in Bangalore, designed to maintain the highest standards of safety and quality. We strive hard and take a holistic approach to provide the highest quality of product. We follow stringent quality assurance norms with the goal of assisting our stakeholders and customers in their success. Quality is the driving force behind all our endeavors.

Capabilities:

Our facilities help us to handle complex APIs, Intermediates, and highly potent materials at both developmental/lab scale as well as commercial scale. Our experienced team deliver the projects in a timely manner to meet client expectations with an unparalleled focus on quality.

We are capable of handling:

- Grignard reaction, Friedel Craft Reaction
- Chiral Synthesis
- Hydrogenations (up to 25 Kg pressure)
- High Temperature reactions (200°C to +220°C)
- C-C bond reactions
- Hazardous chemistry (Nitration, Cynation, POCl₃ and BBr₃ reactions)
- Cryogenic reaction (-80°C) with n-BuLi, LDA and Li-HMD
- Reductions using metal hydrides (LAH, Red-Al, Super hydride, LiBH₄, etc.)
- Synthesis of Complex Molecules/Targets – Multis

Our Facilities:

Sonia Organics has two facilities located in Karnataka, India. They are easily accessible by Air, Road, and Rail. Our facilities have a total land area of **20,000 sq. meters and manufacturing capacity of 150KL**. The facilities hold full licensing in accordance with the Indian Factory Act and are compliant with, and sanctioned by, **WHO GMP, cGMP, ISO 9001:2015, and HACCP standards**. Additionally, we have filed for registrations with the **EDQM (CEP) and KDMF**.

Laboratory

- HPCL (UV & RID)
- GC with Headspace
- FT-IR
- UV
- Auto Karl Fischer
- IRMB
- Stability Chambers
- Potentiometer

R&D & Pilot Plant

- 6 Fumes Hoods
- 25ml to 10L Reaction Capability
- 5L to 25L Roto Evaporators
- VTDs
- STDs
- 5L Autoclave
- 20L to 200L Glass Assembly with Distillation ability
- Analytical R&D
- GMP Pilot Plant (25L) with dedicated AHU (ISO Class 8)

Manufacturing

- SSR (Combined Volume 60KL)
- GLR (Combined Volume 90KL)
- Distillation Columns (12m)
- Hot Oil Reactor (1KL)
- Autoclaves (5KL)
- Steam Tray Dries
- Vacuum Tray Dries
- Fluid Bed Driers
- Electrical Tray Dries
- Cooling Towers
- Boilers (IBR)
- Chilling Plants (Brine & Water)
- HVAC System (ISO Class 8)
- Jet Mill (Micronizer)
- Air Compressors
- Fire Hydrants
- Blenders, Sifters, Millers
- Warehouse (cGMP Compliant)

Product List:

Active Pharma Ingredients:

SI No.	Product Name	Therapeutic category	TDP	DMF	Filed
1.	Benfotiamine INH	Vitamin	✓	✓	WC, COPP
2.	Calcium Dobesilate Monohydrate IP/BP	Vaso Protective Agent	✓	✓	
3.	Diacerein IP/EP	Anti Rheumatic	✓	Under Preparation	
4.	Deferasirox IP/EP/INH	Iron Chelator	✓	Under Preparation	
5.	Doxazosin Mesylate	Anti Hypertensive	✓		
6.	Minoxidil USP/EP/IP	Anti-Hypertensive Vasodilators	✓	✓	WC, COPP, CEP
7.	Minoxidil Sulphate INH	Anti-Hypertensive Vasodilators	✓		
8.	Ondansetron Hydrochloride USP/IP/EP	Anti-Emetic	✓	✓	
9.	Ondansetron Base USP/IP/EP	Anti-Emetic	✓		
10.	Phenobarbital USP/IP/BP	Anti-Convulsant	✓	Under Preparation	
11.	Thaimine HCL IP/USP/BP	Vitamin	✓		
12.	Ticagrelor IP	Platelet Aggregation Inhibitors	✓		
13.	Ursodeoxycholic Acid BP/IP/USP	Gastrologic	✓		
14.	Valgancyclovir HCL USP	Anit Viral	✓		

Products Under Development:

SI No.	Product Name	Therapeutic category
1.	Sildenafil INH	Alpha Blockers
2.	Alfuzosin HCL IP/USP	Alpha Blockers
3.	Racecodrotil	Anti-Diarrheal
4.	Oxcarbazepine IP/USP	Anti-Convulsant
5.	Phenytoin Sodium	Anti-Epileptic
6.	Phenobarbital Sodium	Anti-Epileptic

Pharma Intermediates:

Sl. No.	Product Name	Final API	Cas No.	TDP
1.	2,4,6-Trichloropyrimidine	Dyes/Pigments	3764-01-0	✓
2.	2,4-Diamino-6-chloropyrimidine	Minoxidil	156-83-2	✓
3.	2-AminoDiphenylSufide	Quetiapine Fumarate	1134-94-7	✓
4.	2-Chloro-6,7-dimethoxyquinazolin-4-amine	Alfuzosin/Doxazosin	23680-84-4	✓
5.	1,2,3,9 Tetrahydro Carbazole	Carvedilol/Ondansetron	15128-52-6	✓
6.	10-Methoxy Iminostilbene	Oxcarbazepine	4698-11-7	✓
7.	Iminostilbene Carbonyl Chloride	Carbamazepine	33948-22-0	✓
8.	Iminodibenzyl Carbonyl Chloride	Oxcarbazepine	129273-26-3	✓
9.	2-(2-Hydroxyphenyl)-4H-1,3-benzoxazin-4-one	Deferasirox	1218-69-5	✓
10.	4 Hydrazinobenzoic Acid	Deferasirox	619-67-0	✓
10.	3-(Methylamino) Propionitrile	Alfuzosin	693-05-0	✓
11.	Phthaloyl Chloride	Specialty Chemical	88-95-9	✓
